Port Edward Boat Launch Upgrade

The District of Port Edward is pleased to announce that the Port Edward public Boat Launch has been upgraded and will be ready for the 2018 season as it is fast approaching.

This project was possible with the support of Northern Development Trust Initiative (\$120,000); AltaGas Ltd. (\$10,000); DP World (\$10,000) and the District of Port Edward (\$32,000).

The District of Port Edward would like to thank all the supporters, Broadwater Industries, the contractor, and staff for making this project a reality. We hope our residents and visitors to our area enjoy the new upgraded Boat Launch and we wish everyone a great fishing season!

“Northern Development is pleased to have contributed to the revitalization of the Port Edward Boat Launch. These new upgrades will play a vital role in keeping a key asset of the community functioning, providing more opportunities for future economic growth for Port Edward and the surrounding region.”

Joel McKay, CEO, Northern Development Initiative Trust
