

# District of Port Edward Open House - Official Community Plan (OCP) Update

## ABOUT THE PROJECT

The District of Port Edward is hosting an open house to engage community members on the Port Edward Official Community Plan (OCP) update. The OCP is a long-term planning document which will guide the District and residents on a variety of topic areas, including recreational services, housing, growth and development, environmental values, economic development, infrastructure servicing, among others.

The District is seeking input from community members on the OCP and their vision for the community.
